2020 UPCOMING EVENTS

## SRP virtual Americas, France and Italy to take place in September 2020

**London, August 13** - SRP is excited to announce that we will be hosting a series of virtual regional events in September, focusing on the key markets of France, Italy and the Americas. SRP will also be presenting some of the key findings from several studies it has conducted into these crucial structured product markets.

Our ninth Americas conference will take place the week beginning **14 September 2020**. We will be organising a series of Canada, Latin America and US-focused sessions with expert speakers from across the region. Our third annual SRP France event will happen on **22 and 23 September**. SRP France promises to offer an exclusive platform for discussion about the latest challenges and opportunities in the French market. For the very first time, we will be hosting our first Italy event on **29 and 30 September** to analyse developments in the local alternative investments space.

Covid-19 has meant we haven't been able to connect in person with the global structured product community at some of our events this year," said James Lavell, chief executive officer, IMN & Euromoney Derivatives at Euromoney. "But our aim of bringing together and educating the industry remains. With that in mind, we are excited to be hosting a series of virtual events in September which will bring the market up to speed on all the latest developments and trends in some of the main structured product markets."

The upcoming virtual events will bring together senior representatives from local and international investment banks, insurance companies, retail and private banks, asset managers, hedge funds, financial advisers, law firms, regulators, index providers, exchanges and the wider derivatives market to debate the most relevant and important topics facing the structured products and derivatives industry.
